Description: Lisa has an important homework assignment--to measure something in several different ways. She has to use standard units like inches and nonstandard units like paper clips to find out height, width, length, weight, volume, temperature, and time. Lisa decides to measure her dog, Penny, and finds out ...Pennys nose = 1 inch longPennys tail = 1 dog biscuit...

Review: I got this after one of my EDU professors read it to us when teaching us about measurement in the classroom. Great price! Very cute story and perfect way to teach measurement. It uses all different measurements too which I love! Will use in my classroom....
